Cortlandt	Residential Reuse Special Permit - allow the Town the opportunity to construct new multifamily developments to replace preexisting non-conforming multifamily developments for sale or as rentals and provide affordable housing units within multifamily developments. Property may be developed at a maximum density of 20% over the existing number of residential units. (see Section 307-94.2)	Affordable housing unit: available for purchase or rent that costs no more than 30% of the gross monthly household income of a household whose income is below 80% of the Westchester County median income as determined by the Westchester County Planning Department at the time the unit is sold or rented. In the case of a housing unit for sale, costs include mortgage, taxes, insurance and condominium or association fees, if any. In the case of a housing unit for rent, costs include rent and utilities.
Croton-on-Hudson	In Waterfront Development (WC) District, the Village Board of Trustees may permit additional dwelling units not to exceed 5% of the number calculated in accordance with the provisions of Subsection I(1)(a), if the additional dwelling units are deemed by the Board of Trustees to be affordable units. The affordable dwelling units shall be integrated among the market-rate units in the project. The minimum habitable floor area per dwelling unit shall be 750 square feet, except for affordable dwelling units, in which case the minimum habitable floor area per dwelling unit shall be 600 square feet. Note: The exact amount of floor area is to be determined in concert with the Village's Affordable Housing Committee.	Affordable units not defined.
Dobbs Ferry	No provisions.	
Eastchester	No provisions.	
Harrison	No provisions.	
Hastings-on-Hudson	In Marine Waterfront B District - in order to provide an incentive that will encourage the development of middle-income dwelling units, senior citizen dwelling units or dwelling units that are to be owned in fee simple, or a combination of such types of dwelling units, the Village Board may allow, by special use permit and following a public hearing held on notice duly published and given as provided in § 295-143 of this chapter, an increased residential density and floor area ratio. The number of permitted dwelling units determined may be increased by up to an additional 16 1/2% in the aggregate.	Middle-income dwelling units not defined.
Irvington	No provisions.

Larchmont	No provisions.	
Lewisboro	In R-MF Multi-family Residence District: The Planning Board may authorize an increase in permitted density by not more than 40% if the applicant constructs at least 1/3 of the additional density units as middle-income dwelling units*. The Planning Board shall base its determination of the appropriate number of additional density units upon consideration of the locational and environmental suitability of the specific site and the proposed development design to accommodate such an increased density.	*Middle income dwelling units based on multiple of the median annual Town-paid wages of all full-time employees of the Town of Lewisboro during the preceding calendar year.
Mamaroneck (Town)	No provisions.	
Mount Pleasant	The permitted density on a PRD-T site may be increased by not more than 1/3 beyond the basic permitted density if the applicant agrees to provide affordable housing*, as defined in this chapter, and if the Town Board determines that the provision of such will serve to further the purposes and intent of this section and of the Town Development Plan. The Town Board may limit this increase based upon a consideration of (1) The need for additional affordable housing, taking into consideration local and regional needs. (2) The appropriateness of the location of the proposed site. (3) The suitability of the site and the proposed development design to accommodate such an increased density in terms of size, topography, traffic, availability of utilities, neighborhood character and other environmental factors.	*Affordable Housing defined as a dwelling unit containing no more than 800 square feet of floor area.
New Castle	Maximum Permitted Increase Beyond the Basic Permitted Density in Nonwetland Areas for Model Ordinance Provisions Affordable AFFH Unit: 2% increase for every 1% AFFH.	Definition of AFFH unit consistent with Model Ordinance.
North Castle	In the R-MF Multi-family District, the maximum permitted density may be increased by not more than 45% if the applicant constructs at least 40% of the increase as middle-income dwelling units*. In the R-MF-A Multi-family District, the maximum permitted density may be increased by not more than 40% if the applicant constructs at least 20% of the increase as middle-income dwelling units*. The Planning Board may limit the increase in density where the Board determines that such may be necessary or appropriate because of the specific characteristics of the individual site.	*Middle income dwelling units based on multiple of the median annual Town-paid salaries of all full-time employees of the Town of North Castle as listed in the Town budget for each year. Preferences and eligible priorities are included.
